

The Binghamton Barbarians Rugby Club was founded by Doug Stento in the spring of 1973. The Barbarians were victorious in their first match against the Syracuse University C side, in a 6-4 battle... and the rest is history.

The BINGHAMTON BARBARIANS RUGBY FOOTBALL CLUB is dedicated to the love of the game and our community. First timers to seasoned veterans, all who are interested in hitting the pitch are welcome.

Regular practices are held locally along with our hosting and participating in tournaments across the Northeast, followed of course by many social events. If you're interested, grab your cleats and come JOIN US!
